Numbers on edges represent message sequence (1 to 18) based on interaction steps.

Interaction Steps
1: instantiate station
2: instantiate booth
3: instantiate exit
4: instantiate voters
5: instantiate repo
6: instantiate clerk
7: instantiate pollster
8: openStation
9: enterStation, processVoter
10: castVote
11: waitUntilFree
12: joinExitQueue, answerPoll
13: approachVoter, waitForAnswer
14: write, open
15: send to repo
16: openForWriting
17: readInString, writeString
18: export to FileOp
